Rethinking Curation  
in the Digital Age

## Mini-Workshop NonAV Metadata (Citavi)

Zoom  
May 27, 2020

Hosted by

Ludwig Boltzmann Institute  
for Digital History, Vienna

The specification of the NonAV part of the VHH-EFG Metadata Schema is the aim of this mini-workshop.

There is a broad variety of non-audiovisual objects documented in the VHH project. This half-day mini workshop held via Zoom is focused on the metadata of digitized and born-digital text and imagetext documents catalogued, collected and annotated in the cloud-based VHH Citavi Database (the VHH Citavi Project).
