# VISUAL HISTORY OF THE HOLOCAUST

Rethinking Curation  
in the Digital Age

At the beginning of the second half of the VHH project, this joint mini-workshop gathers computer scientists, historians and media scholars to present and discuss the possibilities and further requirements of two software solutions employing automatic analysis tools developed in the course of the project: BOW (Batch OCR Webservice) and ArchAivist.

## Concept

Sebastian Hofstätter (TU Wien)
